NSC REFERRAL NOT REQUIRED

April 4, 1969

MEMORANDUM FOR

Honorable David Packard
Deputy Secretary of Defense

This is to confirm the understanding reached at the ExCom meeting on April 2nd that when your office sets up the next meeting, Dr. Edwin H. Land, President of Polaroid, will be invited to come to the meeting and discuss some of the new technologies he has in mind which are pertinent to our activities.

I would like to have Dr. Donald Steininger of my office attend this meeting also, but otherwise I think the meeting should be a moderately small one.
